

The Solution

for Non-integer primary keys

@foreign_key_type

```
defmodule F1Saver.API.Race do
  use Ecto.Schema
  alias F1Saver.API.Circuit

  @primary_key {:id, :binary_id, source: :raceId}
  @foreign_key_type :binary_id

  schema "races" do
    field :year, :integer
    field :round, :integer
    field :name, :string
    field :date, :date
    field :url, :string

    belongs_to :circuit, Circuit, source: :circuitId
  end
end
```

THE SOLUTION

for no primary key
